

Ref. No.: KGMU/VC/ 211 /2023

Date: November 21, 2023

CIRCULAR

This is to inform that the World Health Organisation (WHO) has designated 18th to 24th November as “**World Antimicrobial Resistance Awareness Week-(WAAW)**” in an effort to raise awareness about Antimicrobial Resistance and encourage good practices in the use of antimicrobials across sectors.

On this occasion, Department of Microbiology with support from WHO Country Office, India is organizing the **GO BLUE DAY** with a “**WALKATHON**” for “**Preventing Antimicrobial resistance together**” on the designated day **24th November 2023 @ 07:00 am from Administrative Block of KGMU**. All Faculty Members, Residents and Staff are requested to participate in the above Walkathon.

All HODs are also requested to celebrate WHO’s World Antimicrobial Resistance Awareness Week” with various academic and other activities in their own department, to raise awareness among faculty, students and staff regarding the menace of antimicrobial resistance and the need for rational use of antibiotics.

S. Nityanand

(Prof. Soniya Nityanand)
Vice Chancellor
