## ABOUT WARM-TH

To commemorate the role of women in driving research and academics, a three-day conference on “Women in Academia, Research and Management of Toxicology & Health-wellness” (WARM-TH), is being organized at CSIR-IITR, Lucknow on March 06-08, 2024. The event will highlight and showcase the achievements of women scientists, entrepreneurs and academicians in multidisciplinary aspects, including health-wellness, gender-specific health management, toxicology and health research, technology and entrepreneurship.

## ABOUT THE LOGO

The logo celebrates the multi-facetedness a woman carries in everyday life and depicts her journey of women to emerge as a winner. The tricolors symbolize the Indian flag and a tribute to Indian women. The accessories indicate their contribution from generations & for generations. The eight arms represent the traditional way of representing ASHTALAKSHMI: the Goddess of Power & wealth. The various objects held in the hands indicate the multi-faceted roles a woman has in daily life including, science, engineering, management and house making.

## CSIR-IITR

CSIR-Indian Institute of Toxicology Research (CSIR-IITR), Lucknow, a constituent laboratory of the Council of Scientific and Industrial Research (CSIR), was established on November 4, 1965. It is the only institute of toxicology in the country contributing towards cutting-edge research and innovation in toxicology with the motto: Safety to Environment and Health and Service to Industry". CSIR-IITR has world class infrastructure and human resource in toxicology and providing one stop solution to address environment and health issues. More than five decades of contributions in the field of toxicology have globally positioned CSIR among top five in Food, Industrial and Nanomaterial toxicology.

## CSIR-CDRI

CSIR-Central Drug Research Institute (CSIR-CDRI), a premier drug research institute of India was inaugurated on 17th Feb 1951 by the then Prime Minister of India Pt. Jawaharlal Nehru with a vision to strengthen and advance the field of drug research and development in the country. The Institute has made significant accomplishments in the pursuit of its mission to New Drugs & Technologies for affordable healthcare for all, generation of knowledge base and nurturing future leaders for healthcare sector. Today, it has become a unique model for modernized drug research in India – having everything under one roof, from synthesis, screening, development studies, process up-scaling to clinical studies.

## KG MU

The foundation stone of this grand medical institution was laid by the Royal Highness, the Prince of Wales, in 1906, during his second visit to India for his Coronation Durbar as King Emperor. His Majesty gave his consent to establish the institution and to designate it by his name. Since then, the institution has been dedicated to excellent medical education, unparalleled medical ethics, groundbreaking research, and exceptional patient care.

## NIPER

National Institute of Pharmaceutical Education and Research (NIPER) is a national level institute in pharmaceutical sciences with a proclaimed objective of becoming a centre of excellence for advanced studies and research in pharmaceutical sciences. The Government of India has declared NIPER as an 'Institute of National Importance'. The Institute is conceived to provide leadership in pharmaceutical sciences and related areas not only within the country, but also to the countries in South East Asia, South Asia and Africa. NIPER is a member of Association of Indian Universities and Association of Commonwealth Universities.

## AFST(I) LKO

The Association of Food Scientists and Technologists (India), established in 1957, is one of the largest professional organizations, with around 4000 members - food scientists and technologists, across the globe. The major objective of AFST(I) is to stimulate and advance knowledgebase on various aspects of Food Science and Technology. The association serve the community for healthy & safe food and also promote & recognizes talent and excellence in the profession of Food Science and Technology by conferring various Awards and Fellowship. A local chapter, AFST (I) Lucknow Chapter, situated at CSIR-IITR, Lucknow has opened on December 20, 2022 with Lucknow regional members to support and strengthen the goals of the association on food safety & security through various activities.
