Message from the Organizing Chairman and Secretary

Dear friends,

We are glad to invite you to the Annual Thalassemia Update 2018, organized by Cytogenetics Unit, Department of CFAR, Pediatrics, Pathology, Clinical Hematology and Transfusion Medicine, King George's Medical University, Lucknow and Thalassemics India Society Lucknow on 22nd September, 2018. The aim of conference is to update all the doctors and patients and their family members to the basic and new approaches for the management of thalassemia. As thalassemia is a genetic disorder and prenatal diagnosis on time will play a major role in the effort to eradicate this disease from India.

We invite you to join this event and look forward for your active participation.
