

**Report of the Controller of Examination regarding the Grievance Redressal Mechanism followed by the University-**

The University has a mechanism for the Redressal of examination-related grievances. Immediately after the declaration of the result, if any student feels that the marks given to him/her in any paper are not just, he/she can apply for scrutiny. The students are given fifteen days after the declaration of the result for scrutiny. There is a five-member committee comprising an Additional Controller of Examinations, faculty representatives of different categories (OBC and SC), and senior faculty members. If there is a change in score, then it is corrected and the result is declared immediately thereafter.
