## ACTION TAKEN REPORT FOR FEEDBACK TAKEN DURING JULY 2023-JUNE 2024

Dear all,

Following were the observations from the **Feedback received for the period of 1<sup>st</sup> July 2023- 30<sup>th</sup> June 2024** from various stakeholders of university like teachers, students, examiners and alumni. You all are requested to keep this feedback in mind & implement the remedial measures.

1. As per **teacher's perception of curriculum**, it was suggested that
  - a. In Dental department, curriculum needs to be updated to align international teaching standards
  - b. Revision of curriculum needs to include artificial intelligence
  - c. Evening classes for students of MBBS should be restarted
  - d. The curriculum and teaching need to focus more on "must know" areas rather than "may now"
  - e. All the changes in curriculum and amendments in curriculum needs to be shared with all faculty members either via email or common platforms like Whatsapp groups

### **Action taken:**

- i. Curriculum has defined "must know" areas in each subject and discipline and it is stressed that same must be complied
- ii. Artificial intelligence has been included in subject wise curriculum especially radio-diagnosis, neurology, Neurosurgery etc
- iii. The changes in curriculum are passed through Board of Studies & to be shared by email with all HODs

### **2. The feedback analysis of examiners suggested**

- a. Supplementary examination of students should be conducted after a gap of 3 months
- b. Pattern of examination was good and satisfactory
- c. KGMU should enter into a contract with hotels for stay of examiners
- d. Copy checking and practical examination should be done by different examiners

### **Action taken :**

- i. The points were noted and will be taken up in appropriate forum

### **3. As per the feedback analysis of alumni, it was suggested**

- a. KGMU is an excellent and great institute
- b. There should be increase in faculty recruitment to improve teacher-student ratio
- c. Increased measures to improve the communication between teacher and student
- d. More alumni need to be involved in planned CME and felicitation programs
- e. There were suggestions to reduce the patient load in OPD
- f. There were also suggestions to improve hostel facility

Dated:-

**Action taken:**

- i. KGMU faculty recruitment is a constantly ongoing process
  - ii. Most of the hostels are renovated and living conditions have improved immensely
  - iii. Alumni participation is enhanced through scientific & cultural meets like Georgian Alumni Association Summit & International Georgian Alumni Meet
4. As per the feedback from **students** of all courses, the analysis showed that
- a. Most of the students were overall satisfied with the curriculum and teaching methods
  - b. The students insisted on more use of blackboard than power point presentations
  - c. The students wanted more of skill based and simulation-based teaching
  - d. The students also wanted sessions of mental health counseling
  - e. The students wanted more entrepreneurship skill training
  - f. More interdepartmental symposium

**Action taken:**

- i. The theory and clinical classes have been scheduled as per NMC norms and all the skill-based training are conducted at skill and simulation labs
- ii. It was also informed to all faculty members to ensure mixed teaching including blackboard and power point presentation
- iii. It is also instructed to organize more interdepartmental symposium
- iv. All departments are organizing skill training with guest faculty also.
