

## 3.1.6 Details of the departments offering academic programmes certified by the head of the Institution /University

| S.No | Department Name                        | Name Of Program 2023-2024                                                                                                                                                                                               |
|------|----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1    | Anaesthesiology                        | MBBS (1905), MD (1961), PDCC in Cardiac Anaesthesia (2019), PDCC in Critical Care (2019), PDCC in Neuro Anaesthesia & Neuro Critical Care (2019), PDCC in Paediatric Anaesthesia (2019), PDCC in Pain Management (2019) |
| 2    | Anatomy                                | MBBS (1905), BDS (1957), MD (1946)                                                                                                                                                                                      |
| 3    | Biochemistry                           | MBBS (1905), BDS (1957), PHD (2004), MD (2021)                                                                                                                                                                          |
| 4    | Cardio Thoracic And Vascular Surgery   | MCH (1971), Post DM Fellowship in Interven. Cardiology (2015)                                                                                                                                                           |
| 5    | Cardiology                             | DM (1983)                                                                                                                                                                                                               |
| 6    | Centre For Advance Research            | PHD (2004)                                                                                                                                                                                                              |
| 7    | Clinical Hematology                    | PHD (2004), Fellowship in Clinical Hematology (2019)                                                                                                                                                                    |
| 8    | Community Medicine And Public Health   | MBBS (1905), MD (1959), PHD (2004)                                                                                                                                                                                      |
| 9    | Conservative Dentistry And Endodontics | BDS (1957), MDS (1977)                                                                                                                                                                                                  |
| 10   | Critical Care Medicine                 | PDCC (2019)                                                                                                                                                                                                             |
| 11   | Emergency Medicine                     | MD (2022)                                                                                                                                                                                                               |
| 12   | Endocrine Surgery                      | MCH (2017)                                                                                                                                                                                                              |
| 13   | Faculty of Nursing                     | BSc, MSc, CCHN                                                                                                                                                                                                          |
| 14   | Faculty of Paramedical Sciences        | BSc Radiology                                                                                                                                                                                                           |
| 15   | Forensic Medicine And Toxicology       | MBBS (1905), MD (1951), PHD (2004)                                                                                                                                                                                      |
| 16   | General Surgery                        | MBBS (1905), MS (1928), PDCC (2019), Fellowship in Ano-Rectal Surgery (2019), Fellowship in Thoracic Surgery (2019)                                                                                                     |
| 17   | Geriatric Mental Health                | DM (2012)                                                                                                                                                                                                               |
| 18   | Hospital Administration                | MD (2017), MHA (2017)                                                                                                                                                                                                   |
| 19   | Medical Education                      | MHPE (2017)                                                                                                                                                                                                             |
| 20   | Medical Gastroenterology               | PDCC (2019)                                                                                                                                                                                                             |
| 21   | Medicine                               | MBBS (1905), BDS (1957), MD (2016), PHD (2004), PDCC in Diabetology (2019), PDCC in Hepatobiliary Sciences (2019), PDCC in Infectious Diseases (Medicine) (2019)                                                        |
| 22   | Microbiology                           | MBBS (1905), BDS (1957), MD (1989), PHD (2004), MD PHD (2018), PDCC (2019)                                                                                                                                              |
| 23   | Neuro Surgery                          | MCH (1971), Fellowship in Neuro-Endoscopy (2019)                                                                                                                                                                        |
| 24   | Neurology                              | DM (1981), PHD (2004), Fellowship in Tropical Neurology & Infectious Diseases (2019)                                                                                                                                    |
| 25   | Obstetrics And Gynecology              | MBBS (1905), MD (1950), PHD (2004), PCPNDT (2016), PDCC (2019)                                                                                                                                                          |
| 26   | Ophthalmology                          | MBBS (1905), MS (1935), PHD (2004), Post Graduate Fellowship in Strabismus & Paediatric Ophthalmology (2017), Fellowship in Oculoplastic (2017), Fellowship in Medical & Surgical Retina (2019)                         |
| 27   | Oral And Maxillofacial Surgery         | BDS (1957), MDS (1967), PHD (2004)                                                                                                                                                                                      |
| 28   | Oral Medicine And Radiology            | BDS (1957), MDS (2013)                                                                                                                                                                                                  |

# KING GEORGE'S MEDICAL UNIVERSITY U.P., LUCKNOW

|    |                                           |                                                                                                                                                                                                            |
|----|-------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 29 | Oral Pathology And Microbiology           | BDS (1957), PHD (2004), MDS (2019)                                                                                                                                                                         |
| 30 | Orthodontics And Dentofacial Orthodontics | BDS (1957), MDS (1965), PHD (2004)                                                                                                                                                                         |
| 31 | Orthopaedic Surgery                       | MBBS (1905), MS (1952), PHD (2004), MD PHD (2018), PDCC (2021)                                                                                                                                             |
| 32 | Otorhinolaryngology Ent                   | MBBS (1905), MS (1954)                                                                                                                                                                                     |
| 33 | Pathology                                 | MBBS (1905), BDS (1957), MD 1930, MD PHD (2018)                                                                                                                                                            |
| 34 | Pediatric Surgery                         | MCH (2003)                                                                                                                                                                                                 |
| 35 | Pediatrics                                | MBBS (1905), MD (1962), Postgraduate Fellowship in Pediatric Neurology (2017), Fellowship in Pediatric Oncology (2019)                                                                                     |
