Subject: Request for relaying of proposal for Building of "Skill Development Centre for Employees & their dependents" at Type 5 Faculty Residence Grounds, Jagat Narain road through CSR grant from Hindustan Aeronautics Ltd. (HAL), Lucknow to General Manager, HAL, Lucknow.

Dear Madam,

There has been a long felt need for a facility on our campus wherein skill training can be imparted to relatives of employees working at KGMU, especially those employed through outsourcing with monthly income below Rs 15,000, in order to make them skilled and self-reliant and also help in contributing to their family income. At the Type V Faculty Residence, many Professors and other Faculty members live who are highly educated, trained to teach and impart skill and are motivated to serve the under-privileged of the society. By a rough estimate, there are around 5000 outsourced employees who work in KGMU at less than Rs 500/day salary. We, the residents of the faculty campus strongly feel that we can contribute to upskill them and their children in our spare time, provided we have some infrastructure.

As per our discussion with representatives of Hindustan Aeronautics Ltd. (HAL), Lucknow, we found them inclined towards contributing to construction of a Skill Development Centre through their CSR funds which serves the underprivileged of the society. We feel that an inhouse Skill Development Centre for Employees & their dependents at Type 5 Faculty Residence Grounds will enable the unskilled outsourced employees/dependents to be skilled and learn new vocational skills and thus help them in being self-reliant. Faculty living on campus can also contribute by teaching the children of these employees in various science subjects in their spare time.

This is to request you for relaying of the above-mentioned proposal for "Skill Development Centre for Employees & their dependents" at Type 5 Faculty Residence Grounds, Jagat Narain road through CSR grant formally to General Manager, HAL, and Lucknow for further action.

Yours sincerely
