INDEPENDENT AUDITORS' REPORT

To
Finance Officer,
King George's Medical University,
Lucknow,
Uttar Pradesh

Opinion

We have audited the financial statements of **King George's Medical University** ("the University"), which comprise the Balance Sheet at **31st March 2020**, and the statement of Income & Expenditure Account and Receipt & Payment Account for the year then ended along with notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements of the entity are prepared, in all material respects, in accordance with King George's Medical University, UP Act 2002 (Up Act No 8/2002).

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with King George's Medical University, UP Act 2002 (Up Act No 8/2002) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the entity's financial reporting process.

COMPILATION REPORT

We have compiled the attached Balance Sheet as at 31.03.2020 and the Income & Expenditure Account and Receipts & Payments Account for the year ended on that date read with the Notes to Accounts of King George's Medical University, Lucknow, from the computerized books of accounts prepared on the basis of manual cash books, bank statements, available vouchers and information without carrying out any audit.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. However, no material misstatement, fraud or error has been reported to us by the management. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITORS' REPORT

To
Finance Officer,
King George's Medical University,
Lucknow,
Uttar Pradesh

Opinion

We have audited the financial statements of **King George's Medical University** ("the University"), which comprise the Balance Sheet at **31st March 2021**, and the statement of Income & Expenditure Account and Receipt & Payment Account for the year then ended along with notes to the financial statements, including a summary of significant accounting policies. ***[In which accounts of KGMU Main, KGMU Research Cell and KGMU Paramedical Cell are maintained on cash basis and KGMU HRF are maintained on accrual basis]***

In our opinion, the accompanying financial statements of the entity are prepared, in all material respects, in accordance with King George's Medical University, UP Act 2002 (Up Act No 8/2002).

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with King George's Medical University, UP Act 2002 (Up Act No 8/2002) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. However, no material misstatement, fraud or error has been reported to us by the management. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITORS' REPORT

To
Finance Officer,
King George's Medical University,
Lucknow,
Uttar Pradesh

Opinion

We have audited the financial statements of **King George's Medical University** ("the University"), which comprise the Balance Sheet at **31st March 2022**, and the statement of Income & Expenditure Account and Receipt & Payment Account for the year then ended along with notes to the financial statements, including a summary of significant accounting policies. *[In which accounts of KGMU Main, KGMU Research Cell and KGMU Paramedical Cell are maintained on cash basis and KGMU HRF are maintained on accrual basis]*

In our opinion, the accompanying financial statements of the entity are prepared, in all material respects, in accordance with King George's Medical University, UP Act 2002 (Up Act No 8/2002).

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with King George's Medical University, UP Act 2002 (Up Act No 8/2002) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. However, no material misstatement, fraud or error has been reported to us by the management. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITORS' REPORT

To
Finance Officer,
King George's Medical University,
Lucknow,
Uttar Pradesh

Opinion

We have audited the financial statements of **King George's Medical University** ("the University"), which comprise the Balance Sheet at **31st March 2023**, and the statement of Income & Expenditure Account and Receipt & Payment Account for the year then ended along with notes to the financial statements, including a summary of significant accounting policies. **[In which accounts of KGMU Main, KGMU Research Cell and KGMU Paramedical Cell are maintained on cash basis and KGMU HRF are maintained on accrual basis]**

In our opinion, the accompanying financial statements of the entity are prepared, in all material respects, in accordance with King George's Medical University, UP Act 2002 (Up Act No 8/2002).

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with King George's Medical University, UP Act 2002 (Up Act No 8/2002) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. However, no material misstatement, fraud or error has been reported to us by the management. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITORS' REPORT

To
Finance Officer,
King George's Medical University,
Lucknow,
Uttar Pradesh

Opinion

We have audited the financial statements of **King George's Medical University** ("the University"), which comprise the Balance Sheet at **31st March 2024**, and the statement of Income & Expenditure Account and Receipt & Payment Account for the year then ended along with notes to the financial statements, including a summary of significant accounting policies. ***[In which accounts of KGMU Main, KGMU Research Cell and KGMU Paramedical Cell are maintained on cash basis and KGMU HRF are maintained on accrual basis]***

In our opinion, the accompanying financial statements of the entity are prepared, in all material respects, in accordance with King George's Medical University, UP Act 2002 (Up Act No 8/2002).

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with King George's Medical University, UP Act 2002 (Up Act No 8/2002) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. However, no material misstatement, fraud or error has been reported to us by the management. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
